#### WIFE VS. HUSBAND.

Edward Travers was arrested yesterday by Officer Talbott at the instance of his wife, who charged him with drunken and disorderly conduct. The accused was brought into the Police Court this morning in a bedraggled condition. He had an ugly cut on the forehead and bore evidence of having been scratched and gouged. His face and neck were bloody and his shirt stained with gore. It was the same old story of marital in felicity and chronic drunkeness. The officer testified that it was a case of six-of-one and-half-adozen of the other so far as complainment and defendant were concerned. The wife alleged cruel treatment on the part of her liege lord and said she had 'bits' all over her body inflicted by the teeth of her husband. The latter stood trembling and made no defense. It was alleged that he had fits during the night and had inflicted his own injuries. Travers was sent to the workhouse for ten days.

THE ALLEGED

ASSAULT CASE. Arrest of William Simmons on Charges

Preferred by Violet McInteer. Acting upon the statement made, in esterday's Gazette that a young girl formerly employed in the home of a resident of south Lee street had been ll-treated by two men (father and son) in a gasoline boat a few days ago. Chief Goods and Officer Reed made an in-

vestigation of the case last night. As was stated yesterday, the alleged vicim is now in Prince William county. Chief Goods, accompanied by Officer Knight, went to Quantico today for the purpose of locating the girl who told the story, in order to have her brought to this city. They returned this after-noon, and later Officer Roberts arrested William Simmons.

Chief Goods says the girl (Violet McInteer), who is sixteen years old, in her statement corroborates that made in yesterday's Gazette in all the details save that the elder man did not ill-treat her, but it is admitted that he was in the boat at the time.

Shortly after the return of Chief Goods and Officer Knight Officer Roberts proceeded to the foot of King street and arrested William Simmons on the charges preferred by Miss McInteer. The brother of the latter promised the officers that he would bring the young woman to this city early next week.

The accused emphatically denies the charge against him, and says he will take legal steps for redress against those who have brought the charges against him. He denies he is guilty of assault as urged by Miss McInteer. The prisoner after having been lock-

ed up made a statement to the effect that Miss McInteer appeared at the tied, and he suggested that as he was going to King street wharf she might take a ride to that point. His father, Henry A. Simmons, steered the boat and his son William acted as engineer. for Martinsburg, W.
